

GARRECO SALES REP HELPER TOOL

The Garreco Sales Rep Helper Tool is dedicated to helping you find exactly what you need to know about Garreco products so that you can help your customer. We rely on our dealership network and want to provide you with the information you are looking for quickly.

OVERVIEW

When you visit the Garreco Sales Rep Helper Tool, you will find the following sections:

- Garreco Catalog
- Product Categories
- Current Promotions
- Quick Site Search
- Product Troubleshooting + Tips
- Garreco Support
- Recent Articles from the Garreco Blog
- Request Your Free Sample Packs

View/Download the Garreco Catalog

The first section of the Sales Rep Helper Tool you will see is a short intro and a button that takes you to either view or download a digital copy of the Garreco 2017 Product Catalog PDF. Whether you are able to *view* or *download* this catalog depends entirely on your browser and your smart phone or tablet platform.

If you are using an Apple iPhone or iPad, you will be able to view or download the catalog in the Safari browser by clicking the link. However, if you are using a smart phone or tablet with the Android Operating System (OS) and are using the default Chrome browser, you will not be able to view the PDF in your browser and the PDF Catalog will be downloaded. You can then access the catalog from your Downloads folder where it will automatically be saved. Unfortunately this is a limitation of the Mobile Chrome browser.

Note: You can also download and install the Mobile Firefox browser on your Android phone to be able to view a PDF within your browser. This is not necessary but it is an option if you would like to be able to view the PDF in your browser without downloading it.

Garreco Sales Rep Helper Tool

When it comes to dental lab supplies, we're the best at what we do.
Let us prove that to you.

WELCOME! This page is dedicated to helping you find exactly what you need to know about Garreco products so that you can help your customer. We rely on our dealership network and want to provide you with the information you are looking for. By clicking on the button below, you can view or download the Garreco PDF Catalog. It's available to view online 24/7.

[VIEW OUR CATALOG](#)

To view or download the catalog, please click on the Blue Button that says “View/Download Our Catalog”.

Product Categories

The next section you will find is our Product Categories. This section is helpful for browsing our current products and finding product specifications without viewing our digital catalog PDF. To start exploring, click on either the picture or Product Category Heading to take you to that section. You will be able to view the available products within that category. To go back to the Tool, simply use your browser’s back button.

PRODUCT CATEGORIES

DEALER PROMOTION

REFER A LAB PROGRAM

Your endorsement matters to us. When a lab requests your advice in finding new products, Garreco Dental appreciates your recommendation. Refer a new Dental Lab to Garreco and we'll reward you both with \$150 each if your referral invests \$1,500 or more in Garreco products (within 3 months).

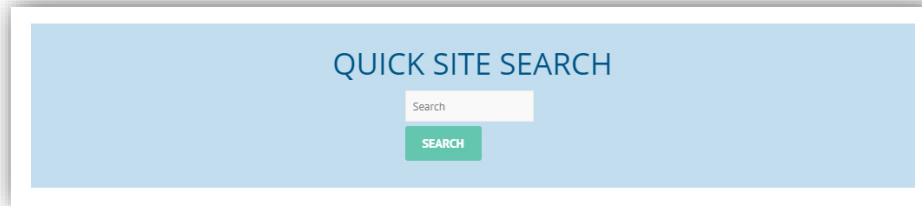

How this offer can be claimed:

1. Find a Dental Lab to refer to Garreco.
2. Provide and fill the information on the [referral form](#).
3. Send the [digital referral form](#) to us or via the website, email, fax or postal mail.
4. Start ordering Garreco products for your new lab referral.
5. Receive \$150 for you and your referral when they invest a total of \$1,500 in Garreco products in a 3 month period.

Quick Site Search

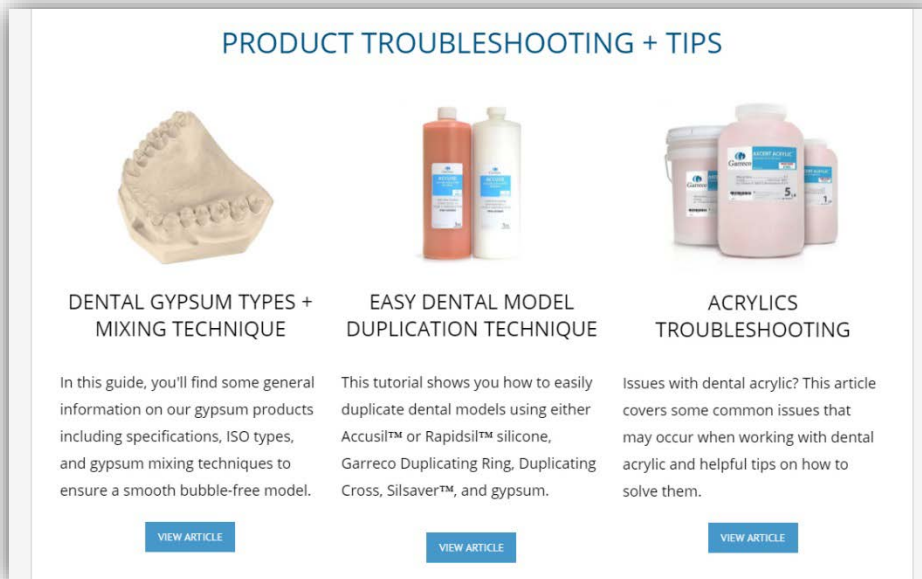

Need to find something fast? Below our Current Promotions, you will find the Quick Site Search. This feature works similar to a Google search but only searches the Garreco website so you will be able to find what you need quickly.

Product Troubleshooting + Tips

The Product Troubleshooting + Tips section is a great reference to have in the lab. If your customer is having an issue with a product, check this section first to see if we have already created a troubleshooting guide. We have troubleshooting guides that help solve many of the common issues associated with our products such as Gypsum, Acrylics, Investment, as well as tutorials and charts that you may find useful.

Please note: All articles will specify if they are located on the “Web” or are in a “PDF” format. Whether or not the PDF file will open in your browser or will download is subject to your current browser and mobile platform.

Garreco Support

If the section above did not solve your problem, you can contact Garreco Support for further assistance. You will also find a link to the Safety Data Sheets for each of our products.

GARRECO SUPPORT

We are committed to providing quality customer service and support. Below are the safety data sheets for many of our products. If you have additional questions with respect to any Garreco dental laboratory product, please call 1-800-334-1443 x234 during regular business hours. Or email your question to support@garreco.com and we will reply within 1 business day or less.
